ID SCANNER PRIVACY NOTICE

1 INTRODUCTION

1.1 Parkstock Ltd t/a Rowans (“**we**”, “**us**” or “**our**”) are committed to protecting and respecting your privacy.

1.2 This notice sets out the basis on which we will process any personal data relating to our ID scanners to collect from our guests and other visitors (“**you**” or “**your**”) or that you provide to us.

1.3 This notice relates specifically to our processing of your personal data using ID scanners. For further details about our policy on the processing of personal data generally, please refer to our privacy policy which is available on our website.

1.4 For the purpose of the General Data Protection Regulation 2016/679 (“**GDPR**”) and Data Protection Act 2018 the data controller is Parkstock Limited t/a Rowans of 255 Green Lanes, London, N13 4XE

2 ID SCANNING MAY BE A CONDITION OF YOUR ENTRY

2.1 The ID scanning machine collects a copy of your Passport, Driving Licence or other photo identification document and checks (i) your age, (ii) whether you are listed on its local database of people who have been banned from a particular venue and (iii) if you are the subject of any alerts from other venues.

2.2 You are not obliged to allow us to collect such personal data, but it may be a condition of entry to the venue that you do.

3 PURPOSE AND EXTENT OF PROCESSING

3.1 The Licensing Act 2003 includes four main objectives which we, as a licence holder, are legally required to promote. These objectives are (i) the prevention of crime and disorder, (ii) public safety, (iii) the prevention of public nuisance and (iv) the protection of children from harm.

To further these objectives, our venues and their staff must ensure that we do not serve alcohol to anyone under the age of 18. As we also operate an 18+ only policy at certain times, we therefore need to verify your age before allowing you into the venue.

Additionally, to prevent crime and disorder, prevent public nuisance and to ensure public safety we may use your information at our venues to investigate accidents and enforce local bans. We also may share your information:

3.1.1 with other venues and networks, such as Pubwatch and The Safer Clubbing at Night Network, should you be banned from one of our venues; and

3.1.2 with the police and local authorities in the event of an incident.

3.2 We do not use automated decision making: all decisions regarding entry to the venue are made at the discretion of the venue management team.

4 LEGAL BASES FOR THE PROCESSING

4.1 The processing of your personal data is necessary (i) to allow us to comply with our legal obligations under the Licensing Act 2003 and (ii) for our legitimate interests in preserving our reputation as a responsible operator and promoting the interests of those participating in the late-night economy more generally.

5 SECURITY AND WHERE WE STORE YOUR PERSONAL DATA

5.1 Your personal data is stored securely on the individual ID scanning machine. Details of guests are only shared externally (i) where necessary to allow the ID system to be properly maintained and (ii) when a guest has been banned from a venue. The sharing of information about bans is done for the purpose of preventing or detecting crime and disorder (see paragraph 4 above). The data that is shared is a copy of the identification document and (where applicable) and a summary of the reason for the ban. This information is encrypted and kept securely with a cloud service provider based in the UK and can only be accessed by the technical support team and by operators using compatible equipment.

6 HOW LONG WE STORE YOUR PERSONAL DATA

6.1 We will keep your information for one year. If you are subject to an alert or further investigation your information may be retained for longer, if required by law or in connection with an investigation or legal proceeding.

6.2 In limited circumstances, our service provider may keep sample copies of information to improve the service they provide – for example where a form of ID is

unusual and the equipment may need to be configured to allow it to handle such forms of ID. When the information is no longer needed for that purpose it is deleted.

7 EXCLUSION POLICY

7.1 From time to time it may be necessary for us to exclude guests from our venues. Whilst the decision to exclude is within our discretion, in doing so we will seek to act fairly and where we share information about exclusions with other people we will do so in accordance with the requirements of GDPR.

7.2 Decisions to exclude will normally be taken by the General Manager at the venue, the Head of Security or one of their deputies. Where practical, guests who have been excluded will be informed of the reasons for the exclusion and the length of the ban. We aim to ensure that any exclusion is proportionate to the behaviour which has led to that exclusion.

7.3 If you have been banned from a venue and wish us to review that decision, you should contact the General Manager of the venue or the Parkstock Ltd t/a Rowans customer services team at info@rowans.co.uk. Subject to paragraph 8 below, any decision following such a review is final.
